- Github

EDUCATION

Bachelor of Computer Science - **72%**

Thiagarajar College   2020 - 2023

HSC - **80.02%**

Baba Amir Badhusha Matric Higher
Secondary School   2019 - 2020

SSLC - **79.05%**

Baba Amir Badhusha Matric Higher
Secondary School   2017 - 2018

PROFILE

Front End Developer skilled in **React JS**, **Angular JS, Redux**, **React Query** and modern UI frameworks like **Bootstrap** and **Material-UI**. Proficient in **HTML**, **CSS**, and **JavaScript (ES6)**, with a focus on creating user-friendly, high-performance applications. Experienced in implementing payment integrations with **Stripe** and **Razorpay**. Driven to leverage my skills to design and implement innovative, user-centric solutions that contribute to organizational success. Strong problem-solving skills and a committed team player.

WORK EXPERIENCE

HCL Technologies

Software Engineer   FEB 2025 - PRESENT

- Developed an Angular-based operational efficiency application with API integration for onboarding, offboarding, and activity tracking.
- Managed complex operational workflows and real-time data handling to improve process efficiency.
- Built scalable UI components aligned with client requirements and business operations

KIRSHI TECHNOLOGIES & CONSULTING PRIVATE LIMITED

Junior Software Engineer   JUN 2024 - JAN 2025

- Developed a **SaaS** application with Stripe integration, enabling secure subscription payments for users monthly and boosting revenue efficiency by 35%.
- Engineered scalable web applications using **React JS**, **Redux**, and **RESTful APIs**, reducing page load time by 30% and enhancing data handling capacity by 50% Built responsive user interfaces with **Bootstrap**, increasing user engagement by 15% and ensuring design consistency across 3+ web applications.
- Delivered **3**+ web projects, improving UI and user satisfaction.

OneData Software Solutions Private Limited

Frontend Developer   SEPT 2023 - MAY 2024

- Implemented **React** and **Redux** with a structured architecture, reducing unnecessary renders by 40% and optimize state management, thereby improving application performance.
- Integrated **RESTful APIs** with a well-defined data layer, resulting in a 25% reduction in data fetching times and ensuring data consistency and reliability.
- Designed and applied responsive user interfaces using **Bootstrap** and **Material-UI**, improving cross-device compatibility by 40%, and boosting mobile traffic by 20%.
- Delivered **2**+ web projects, improving UI and user satisfaction.
